this Committee were, further, examined by a Group of senior officers, headed by Cabinet Secretary. While orders on most of their recommendations, relating to pay and allowances, have been issued by the Government, there are two issues, *i. e.* pay scales of the Personnel Below Officers' Rank and of Lt. General/equivalent, which are being looked into by a Group of Ministers in view of their wider implications. Based upon the recommendations of the Group of Ministers, the Government has implemented 14 pay scales on 3rd October, 2000, removing certain anomalies in the pay scales of Personnel Below Officer Rank of Navy and Air Force, arising out of trade rationalisation in the Army. Similarly, one more pay scale has been implemented on 10th November, 2000 for those Sergeants of 'X' Group of Air Force, who qualify a technical examination at par with diploma in engineering to be designed and conducted by the Air Headquarters.

The issue relating to the remaining 19 pay scales of Personnel Below Officer Rank recommended by HLC including pay scales of Subedar Major and Havildar is still under consideration of the Group of Ministers.

Court of Inquiries were conducted into the fire incidents in all cases. The Courts of Inquiries have given the following findings regarding the cause of fire:—

(1) Ammunition Depot Dappar (9 October, 1997): The most probable cause of fire was the likelihood of a determined intruder to have carried out the initiation of fire.

(2) Ammunition Depot, Bharatpur (28 April, 2000): The likely cause was due to short circuit/sparking on pole No.4 near Guard post No. 11. However, this has not emerged with certainty due to lack of specific evidence.

(3) Ammunition Depot, Dehu Road (3 May, 2000): This was an incident of grass fire caused by high temperatures and spread by strong winds.

(4) Central Ordnance Depot, Kanpur (28 May, 2000): The cause of the fire can not be specified as the Court of Inquiry did not identify the exact cause. The possibility of sabotage/arson has, however, not been ruled out.

(5) 2 Ammunition Sub Depot (18 Field Ammunition Depot), Mamoon (Pathankot), (29 April, 2001) : In the absence of sufficient proof, the Court of Inquiry has not been able to conclusively establish the cause of fire. The probable cause could be due to careless lighting of cigarette or match sticks.

(6) Ordnance Depot, Shakurbasti, New Delhi (6 June, 2001) :Thc cause of fire will only be ascertained after completion of Court of Inquiry, which is under progress.

(7) 2 Ammunition Sub Depot (24 Field Ammunition Depot) Birdhwal, Ganganagar (24 May, 2001) : The cause of fire will only be ascertained after completion of Court of Inquiry, which is under progress.
